# Kilford Signature Velvet

270 gsm, 25% Cotton, 75% Alpha-Cellulose, white

### **Product Description**

Kilford Signature Velvet – a white, 25% cotton and 75% alpha-cellulose paper with a surface texture similar to "German Etching" but with a higher whiteness – guarantees archival standards. Its premium matt inkjet coating meets the highest industry standards regarding density, colour gamut, colour graduation and image sharpness while preserving the special touch and feel of genuine art paper. Compatible with pigmented and dye inkjet systems.

## **Applications**

The coated side of this paper provides excellent image sharpness and optimum colour graduation. The coating also offers a high level of water resistance.

Common applications include: Photographic and fine art reproduction, digital art, black & white and colour photography, limited edition prints, presentation prints for display purposes and exhibitions, albums, greeting cards, etc.

#### Conditions of use and storage

Use and store ideally at a relative humidity of 35 to 65% and a temperature of 10 to 30 $^{\circ}$  C (50 $^{\circ}$  – 86 $^{\circ}$ F). All recommendations and product indications are for your guidance, and are subject to our test criteria, which remain subject to change without prior notice. The consistency of results is not guaranteed. Use care in handling printed material, surface susceptible to abrasion.

Store papers in archive quality envelopes, folders, and boxes.

Use only archive grade tapes and glues for mounting & framing.
